### Information for Patient :

- ❖ New patient appointments are generally available within 2-4 weeks. Dr. Kelly spends 2 hours with a patient during the initial evaluation and the fee is \$300. Please arrive 20 minutes prior to your scheduled time for paperwork.
- ❖ Ask your other treatment providers (primary care doctor, prior psychiatrist, and therapist) to send us your referral information (demographics, insurance information, any lab & EKG results within the past year, medication orders, and any pertinent office notes) by fax to 567-316-6444 before your appointment
- ❖ Follow up appointments are generally 30 minutes and costs \$150. She integrates psychotherapy with each session. Frequency of appointments can vary from every week to every few months, depending on your need and level of symptoms. She also messages with patients through a patient portal.
- ❖ The patient is responsible for the full fee at the time of the appointment. Office staff will assist you with submitting paperwork to your insurance companies for potential reimbursement if requested. She does not accept any insurance company payments, and is not able to accept any patients with Medicare.
- ❖ Patients can also request appointments online through our website.
